

EMOTIONALITY

(Debbie Atterholt – Jean Launay)

Feeling isn't something that you do with your hands

Desire is the power that makes its demands

Feeling in the dark

Open up your heart

Let it pour out onto the floor

You've gotta know emotion

Spontaneity, sensitivity

You've gotta feel some passion

Irrationality, sensuality

Action and reaction

Emotionality

Go ahead and show the fears in your eyes

Mr. Self-sufficient is a feeble disguise

Lighten up your load

Don't let it explode

It'll pull the roof down on your head

You've gotta know emotion

Spontaneity, sensitivity

You've gotta feel some passion

Irrationality, sensuality

Action and reaction

Emotionality

I got no emotion

Have you got emotion?

Spontaneity, sensitivity

There's nothing wrong with me... with me

Irrationality, sensuality

I'm under control, ha-ha!

Originality and musicality

I've got no emotion

And personality

Emotionality

You've gotta know emotion

Spontaneity, sensitivity

You've gotta feel some passion

Irrationality, sensuality

Action and reaction

Emotionality

You've gotta know emotion

Spontaneity, sensitivity

You've gotta feel some passion

Irrationality, sensuality

Action and reaction

Emotionality

You've gotta know emotion

Spontaneity, sensitivity

You've gotta feel some passion

Irrationality, sensuality

You've gotta know emotion

Originality and musicality

You've gotta feel some passion

And personality

Emotionality

YOU GOTTA KNOW EMOTION!
