

STEAL YOU AWAY (Maxi version)

(Debbie Atterholt – Jean Launay)

Steal me away

Steal you

Steal you

I'm outside, I don't feel right

Just waiting for you to arrive

I could drop out of sight for a week or two

Before you'd think about me and you

But it can't last, forget the past

I'm gonna break out and snatch you up

I've made up my mind to kidnap you

I'll finish off what you can't do

(Steal you) I'll steal you baby

(Hide you, away)

(Steal you) Kidnap you maybe

(Take you, away)

I'm gonna steal you away

(Steal you) I'll make you happy

(Steal you, away)

Steal me away, away

Don't play this game of cat and mouse

Come on baby, let's share a house

I gotta be more than your backdoor love

Can't you guess what I'm thinking of?

Hit it!

Oh, baby, please! Oh, baby, please!

I call you up, but you can't talk

You're not alone or you're out for a walk

If you have no time to lose on the line

Meet me on the corner at a quarter to nine

(Steal you) I'll steal you baby

(Hide you, away)

(Steal you) Kidnap you maybe

(Take you, away)

I'm gonna steal you away

(Steal you) I'll make you happy

(Steal you, away)

Steal me away

Oh, baby please, I need some time
You've really pushed me out on the line
If you're that sure about me and you
Tell me tell me tell me what I need to do

I'm gonna steal you, away
Gonna hide you, I'm gonna steal you away
(Steal you) Gonna take you, today
I'm gonna hide you, I'm gonna take you away
(Hide you) Gonna take you, today
Gonna steal you, I'm gonna hide you away
(Steal you) Gonna hide you, today
Gonna steal you, I'm gonna steal you away
(Take you)

(Steal you) I'll steal you baby
(Hide you away)
(Steal you) Kidnap you maybe
(Take you away)
I'm gonna steal you away
(Steal you) I'll make you happy
(Steal you away) Away

(Steal you) I'll steal you baby

(Hide you away)

(Steal you) Kidnap you maybe

(Take you away) I'm gonna steal you away

(Steal you) I'll make you happy

(Steal you away) Away

(Steal you) I'll steal you baby

(Hide you away)

(Steal you) Kidnap you maybe

(Take you away) I'm gonna steal you away

(Steal you) I'll make you happy

(Steal you away) Away

(Steal you)

(Hide you away)

(Steal you)

(Take you away)

(Steal you)
