

CONDEMNED TO SUCCESS

(Debbie Atterholt – Jean Launay)

Success, success, we're condemned

Success, success

We're condemned to success

Holed up in your ivory tower

All that concerns you is a loss of power

While you work to increase your wattage

Opportunity won't leave a message

Got your vi-de-o, and your ra-di-o

Everyday instant replay

Remote control, systems overload

Rewind, freeze, hold the line please

Break out, reach out, come on and break out

You never get up, you never dare

Get out, move out, it's time to get out

We're condemned to success

Break out, reach out, come on and reach out

You never set up, you never share

Get out, move out, it's time to get out

We're condemned to success

Every time I dial your number
I never manage to get any answer
You keep me waiting on infinite hold
I gotta tell you, it's getting old
Get your butt in gear, come on over here
We'll make it, let's go for it
Put your toys away, that was yesterday
Don't slow down, I'll show you how

Break out, reach out, come on and break out
You never get up, you never dare
Get out, move out, it's time to get out
We're condemned to success
Break out, reach out, come on and reach out
You never set up, you never share
Get out, move out, it's time to get out
We're condemned to success

Success, success, we're condemned
Success, success,
We're condemned to success
Success, success, we're condemned
Success, success,

Break out, reach out, come on and break out

You never get up, you never dare

Get out, move out, it's time to get out

We're condemned to success

Break out, reach out, come on and reach out

You never set up, you never share

Get out, move out, it's time to get out

We're condemned to success

Break out, reach out, come on and break out

You never get up, you never dare

Get out, move out, it's time to get out

We're condemned to success

Break out, reach out, come on and reach out

You never set up, you never share

Get out, move out, it's time to get out

We're condemned to success

We are condemned to success
