

ZERO IN ON ME

(Debbie Atterholt – Jean Launay)

Rockin' out to a new world base

Lovin' in our private space

Rollin' between time and place

When you're around, my feet don't touch the ground

Steppin' out in a starry sky

Paint me a silent reply

Dance me a space lullaby

Beg, steal or borrow, the pleasures of tomorrow

Touch down on my planet

Zero in on me

Plant your flag upon it

Zero in on me

Not a thing's gonna get in our way

We'll chase all the clouds away

Racin' to a brand new day

Just let it be, our love will set us free

Touch down on my planet

Zero in on me

Plant your flag upon it

Zero in on me

Nothing's gonna get in our way

We're gonna chase the clouds away

Touch down on my planet

Zero in on me

Plant your flag upon it

Zero in on me

Touch down on my planet

Zero in on me

Plant your flag upon it

Zero in on me

Touch down on my planet

Zero in on me

Plant your flag upon it

Zero in on me
